With the growing popularity of the iPods and iPads in Havering schools, we have arranged an after school session where we will share our favourite apps.

Having shared our apps list, we will show you a selection of the apps that we are currently using here at Elm Park Primary. We will tell you which year groups are using them with examples of how they are being linked to the curriculum.

This will be a very informal session and we would ask that you could then share your favourite apps, with examples of how you are using them. If you prefer, you could e-mail the examples to us and we will present for you.

We hope that it will be a great chance for educators across Havering to share their excellent examples of iPad and iPod use.

DATE: Wednesday 12th June
Time: 16:15 - 17:45
Venue: Elm Park Primary
RSVP: nsale@elmparkprimary.co.uk or lwoods@elmparkprimary.co.uk
